

Sako 85 Safari

Sako's Safari Rifle is built around the Sako 85 Large and XL action. These actions offer traditional Sako 85 features such as: mechanical ejection, controlled round feed, an integral dovetail scope mount rail and a one-piece forged bolt. The presentation grade walnut stock incorporates traditional hand-cut checkering and an ebony fore-end tip and pistol grip cap. A Pachmayr recoil pad completes the classic appearance of the handmade Safari stock.

- *Barrel - Free-floating, cold-hammer forged*
- *Trigger- Single-stage with an adjustable pull from 2 to 4 lbs*
- *Safety - Allows loading and unloading of the rifle with safety engaged*
- *Sights - Special open sights with a quarter-rib type rear sight and band type front sight adjustable for windage.*

Caliber	Action Size	J-Code	Rate of Twist	Overall Length	Barrel Length	Overall Weight	Cartridge Capacity
375 H&H	L	JRSS237	1-12"	45"	24 ³ / ₈ "	9lbs	6 Rounds
416 Rigby	XL	JRSS238	1-14"	45 ¹ / ₄ "	24 ³ / ₈ "	9.9lbs	5 Rounds
450 Rigby	XL	JRSS276	1-14"	45 ¹ / ₄ "	24 ³ / ₈ "	9.9lbs	5 Rounds
500 Jeffery	XL	JRSS277	1-20"	45 ¹ / ₄ "	24 ³ / ₈ "	9.9lbs	5 Rounds
